COMMUNICATIONS OF THE KOREAN MATHEMATICAL SOCIETY

Since its inception in 1986, this journal endeavors to publish significant research developments of broad interests in pure and applied mathematics. One volume is published each year, and each volume consists of four issues (January, April, July, October).

Editorial Policy

To be published in the *Communications*, a paper must be correct, new, nontrivial, and significant. The *Communications* also publishes good survey papers and can issue special volumes for specific topics.

Submission of Manuscripts

See **Information for Authors** at the end of this issue.

Copyright

A Copyright Transfer Agreement is required before the publication of a paper in this journal. The submission of a paper implies the author's assurance that it has not been copyrighted, published, nor submitted for publication elsewhere.

Subscriptions

The subscription price is US\$50 per year to individuals, US\$100 per year to institutions. Members of the KMS receive exclusive discount on annual subscriptions to KMS journals. Correspondences regarding subscriptions, membership, and notices of change of address should be sent to:
